Dear Jeannine Marie,

Thank you for reading the story to us. I learned that you should be who you want to be. Not what other people think. How did you become an author? I like to write stories that involve fairys. I have wrote a story before it's called "Rose The fairy and Joe the dragon."

I loved the story A LOT!

Your story ment alot to me. I have a problem on my neck it is skin that didn't form right. I have to get sangerexy. I don't like it but it's me and I love me.
